

Mon Amour

Shakira

I think you are living in denial
Oh, can't you see she's pretty wild?
And every night I pray that you don't knock her up
'Cause I still want to be the mother of your child
They say l'amour est ne Paris
So she's planned a little trip to France
While she's in anxious anticipation
I really hope you have a horrible vacation
And so you think of me when you arrive
Hope the French fleas eat you both alive
And your room smells and the toilet doesn't flush
And locals treat you mean and the service takes too long
'Cause I'm fragile and you broke my heart in two
But you just smile like it's all the same to you, to you
When you learn your lesson
Come back like a prodigal son
Read the big sign at the airport
Bienvenue from hell, mon amour
When you learn your lesson
Come back like a prodigal son
Read the big sign at the airport
Bienvenue from hell, mon amour
Where did you get the ability?
To make fake promises to me
You are exactly like a politician
Need everyone's approval just to see if you are doing right
And I hope you both freeze under the Eiffel Tower
So you end up throwing in the towel
Hope you'll miss me and someday you're gonna see
That I put my trust in you but you turned your back to me
'Cause I'm fragile and you broke my heart in two
But you just smile like it's all the same to you, to you
When you learn your lesson
Come back like a prodigal son
Read the big sign at the airport
Bienvenue from hell, mon amour
When you learn your lesson
Come back like a prodigal son
Read the big sign at the airport
Bienvenue from hell, mon amour
It's your destination
It's your destination
When you learn your lesson
Come back like a prodigal son
Read the big sign at the airport
Bienvenue from hell, mon amour
When you learn your lesson
Come back like a prodigal son
Read the big sign at the airport
Bienvenue from hell, mon amour
Mon amour, mon amour
Passengers with destination
Passengers with destination

Passengers with destination to hell
