

# To The Edge

## Lacuna Coil

Here I start to define it  
As a sign on my skin that I just try to wash away  
Reminder  
Infected, it'll be painful to me  
Life is so short  
Close to the edge of another backdoor  
Life is so sure!  
?Life will be ready to twist up your world  
Here it starts to enlighten  
There's a frame I can't change that I just have to watch again

Reminder  
Repressed inside me, it keeps repeating  
Life is so short  
Close to the edge of another backdoor  
Life is so sure!  
?Life will be ready to twist up your world  
Life is so short  
Close to the edge of another backdoor  
Life is so sure!  
?Life will be ready to twist up your world
