

# Run

Marsha Ambrosius

Run  
Runaway from all the pain I feel now  
Now that you're gone  
I been so alone  
So I runaway and then you followed me out  
Out of the dark  
Try to catch my breath  
If only for a second  
Just a small confession  
Straight from my heart  
Break  
I break Couldn't talk  
Couldn't sleep  
Didn't know  
What you need  
Got me feeling so weak  
Cause you came in too deep  
Wanna stay  
Wanna leave  
I'm so caught inbetween  
Now I finally see  
That you just weren't the one for me Run into the new and better you oh how  
How did I let you go  
So stubborn so cold  
Wanna see the sun  
Wake up early morning  
You can keep me warm  
I look at you and showed  
The worse caught in my throat  
I never even wrote'em  
We came so close  
So close to love  
Tried to catch my breath  
If only for a second  
Just a small confession  
Straight from my heart  
Break  
I break Couldn't talk  
Couldn't sleep

Didn't know  
What you need  
Got me feeling so weak  
Cause you came in too deep  
Wanna stay  
Wanna leave  
I'm so caught inbetween  
Now I finally see  
That you just weren't the one for me  
Run through the storm  
Sunrise too long  
These tears will fall  
My tears will run  
Run  
Couldn't talk  
Couldn't sleep  
Didn't know  
What you need  
Got me feeling so weak  
Cause you came in too deep  
Wanna stay  
Wanna leave  
I'm so caught inbetween  
Now I finally see  
That you just weren't the one for me
