Trust Issues (remix)

The Weeknd

All she cares about is money and the city where she's from
Her intention is on paper
She don't need no f-cking love
She's spillin' all this liquor tryna pass me all these cups
Well baby girl I'm zonin' somebody should have told her
I popped one
F-ck it I popped one
Oh girl I'm on one
F-ck it I popped one
I popped one
Girl I'm lying, I'm on a few
Don't you worry this aint new
Can we take this to your spot, I'm on eviction number 2
Cause I popped one
F-ck it I popped one
Oooh yeah, Oooh yeah, Oooh yeah, Oooh yeah

Trust issues
Oooh yeah, Oooh yeah, Oooh yeah, Oooh yeah, oooah
Do you know whats going on over here (I do, I do, I do)
Have you even bothered to look? (I did, I did, I did)
Well if you know, than let me know
We don't have to keep runnin' in these circles (in these circles)
No more
Trust issues
Trust issues
Trust issues
Trust issues
Trust issues
Trust issues, no more
Trust issues, no more
Trust issues, no more
