

So Blue

Nick Lucas

Dream the day
Caught in the sway
Miles gone inside
 Into the air
 I take a breath
 No longer care
 To be the death
 Even time
 We took a light
Songs leaving alive
 Into the air
 I take a breath
 No longer dare
To be the death of you
 Of you
 So blue
 So blue
 With you
And into the air

We take a chance
Can no longer bare
To miss the dance
 With you
 With you
 So blue
 So blue
 With you
 With you
 So blue
 So blue
 With you
 With you
 So blue
 So blue
 With you
 With you
 So blue
 So blue
