

Damn You to Hell

Advisory - the following lyrics contain explicit language:

I have a big ol' truck and I can't get stuck
You think I suck and I don't give a fuck
Cause I've been at the bottom and I stand at the top
And you already know not to piss me off I said, if you want something, come on
Yeah, if this's what you want, let's get it on
I said, come get some, yeah, come on
Step on up, let's get it on I said, I'm a lunatic, I'm about to get sick
Cause I'm a maniac and I'm about to attack
I'm crazy insane and I bring the pain
I've been to Hell and I'm about to tell Well, I'm the king of the cage and I can meet them on stage
Out for a rage, and it's a war I wage
But when I switch it on I can't switch it off
Now why'd you have to go and piss me off Well, knowing I'm king and the pain I bring
Why do I feel clean, yeah, the angels sing
Cause when I get to rolling you know I can't be stopped
Damn you to Hell, you piss me off
