

# Last Chance to Evacuate Planet Earth Before It Is

## Porcupine Tree

[Written by Steven Wilson][a] Winding Shot (Summer 1981)]If you fall asleep with me

You can dream and drowse

The minutes turn to hoursWe could climb a tree or two

And watch the sun go down

Upon our sleepy townAfter all the time I spent with you

Summer went away

And we just weren't the sameIt's just you and me alone

Not grown ups but not kids

You kissed me on the lips[b] Last Chance to Evacuate Planet Earth Before It Is Recycled][instrumental]
