I Will

Ryan Cabrera

Do you ever wonder if we were not friends?
I know it's hard to ponder,
but there's reasons for that, yeah
I can't go on without you,
it's burning inside of my head,
but I feel so alone without you,
Now I can't survive, it must be your eyes,
[CHORUS] I will not take that road again,
I will not try to find those things out in my head,
I will not take that road
even if I keep my head above the ground
which you know I will
well you know I will
Well Don't you ever wonder what things would be like?
well I know I can't give you everything
but wouldn't that just be nice,
But I can't go on without you,

it's burning inside of my head,
but I feel so alone without you,
Now I can't survive, it must be your eyes,
[CHORUS]But I've tried, now people can't you see
If I'm blind now and, if all this was a dream
at least it was a dream about you, right now
But I can't go on without you,
it's burning inside of my head,
but I feel so alone without you,
But I feel so alone, right now
[CHORUS]well you know I will x 5
