Do the Duchess

Consumed

You need a bigger briefcase,
with your size ten shoes and get a better haircut,
it'll give you more to choose.
You think you're on the ball, but you know nothing.
You've got a fucking shit job, just like your cousin.
I thinkl he's inbred.
It's in the family.
It's in his make-up.
I'm not saying that he wants to be.
I didn't tell him that he ought to be.
I'm not saying that he wants to be.
I didn't tell him that he ought to be.
Don't tell him that he needs to be.. like you.
I think he's inbred.
It's in the family.
It's in his make-up.
Genetic make-up.
