Pull You Under

Chunk! No, Captain Chunk!

You ...
If you think it's a game then ...
You'll be fading away
They'll never kick us down

Can you feel the anger growing deep inside
(It's looking through my skin
Now let it all begin)
They can try, but...

They'll never kick us down
We have a right to be here
Even when they try, they'll never keep us out
We have a right to be here
Never let them pull you under

Even if all you know is doubt
Prove them wrong in the face with all you have
There are people who get in your way
Iâ€™ll let my rage escape, I canâ€™t stop it now
They better run before I chase them down
Stand and fight
You better stop before I shut your mouth
Go on and test me now

Can you feel the anger growing deep inside
(I guess we'll never know
... begin)
They can try, but

They'll never kick us down
We have a right to be here
Even when they try, they'll never keep us out
We have a right to be here
Never let them tell you that you ...
... to just give up
The best revenge is to push your luck
So let's go
We have a right to be here

Never let them pull you under

Don't let them pull you under
Don't let them pull you under
If no one took the chance
We'd all be living broken
If nothing ever changed
We'd all be long forgotten
Long forgotten

They'll never kick us down
We have a right to be here
Even when they try, they'll never keep us out
We have a right to be here
Never let them tell you that you ...
... to just give up
The best revenge is to push your luck
So let's go
We have a right to be here
Never let them pull you under

Don't let them pull you under
