

We'll Never Change

[Loretta Lynn](#)

The years will see us together as they quickly pass away
Our hair'll make it lighter but our love will burn brighter
In our hearts we'll never change
We'll say that all our mem'ries of every passing day
Time may rearrange us but we know it won't change us
In our hearts we'll never change Time may change the way we look but not the way we feel
We'll say that all our mem'ries...
In our hearts we'll never change
