

# Last Chance Train

Bon Jovi

October leaves are fallin', so am I  
A harvest moon is callin' me and I know why  
The traffic's like a symphony in blue In the autumn air, I smell your sweet perfume  
I miss you sittin' cross-legged in this empty room  
Yesterdays are eatin' me alive I'm your angel, baby, I've got broken wings  
I can't walk, I can't run, I can't drop  
Until you're next to me, so the only thing You gotta meet me tonight, I'm on a last chance train  
Leave a flower the station, I know my destination  
Love, bring me home again You try to reach me but I've sailed away  
You tried to read me but my words got in the way  
The music's over but the dance has just begun I wish that I could just get back to Baltimore  
You know, I'd scratch, I'd claw, I'd scream  
'Til I'm raw, just to fall down at your door You gotta meet me tonight, I'm on a last chance train  
Leave a flower at the station, I know my destination  
Love, bring me home again Let the scarecrows laugh, comin' down the tracks  
At the broken hearts that don't come back  
'Cause the train has left the station with my pain  
Let them forget my name, I'm on a last chance train Sittin' here, smoked my nineteenth cigarette  
Now all that's left are ashes, butts and my regrets  
It's your taste that I just can't forget You gotta meet me tonight, I'm on a last chance train Let the scarecrows  
laugh comin' down the tracks  
At the broken hearts that don't come back  
We'll be laughin' at them, cryin' in the rain  
It's you and I again You gotta meet me tonight, I'm on a last chance train  
Leave a flower at the station, I know my destination  
Love, bring me home again I'm on a last chance train  
It's gonna bring me home to you  
The last chance train's runnin' through my veins  
This time I'm comin' through, comin' through
