

Paper Bag

Dear And The Headlights

I'm like a paper cup with a pin prick
You can fill me up but I'll only stay full for a while
And wisdom's only shown me that my loneliness is all my fault
 And it's all my fault
 And I don't know
 What I have done wrong
You say you understand me well I don't get you at all
It seems everyone around me is so good at faking it that I don't know
 Just how to act
 Around you
I'm like a paper bag but the bottoms wet

It must be something bleeding internally inside
I didn't know the things that you never did could stay with you your whole life
 And I don't know
 What I have done wrong
You say you understand me well I don't get you at all
It seems everyone around me is so good at faking it that I don't know
 Just how to act
 Around you
 And how to act
 About you
I've got a memory but I can't hear what you're saying
You're looking straight at me but I'm looking the other way
