

# We Are the Now

## Boy Kicks Girl

Want me to be like you are.  
Young and stupid just like this world.  
Can't keep me down with your rules.

Join together and we'll burn down the schools... cause'

We are the now... we want the world. (x4)

Ya, so? I can't drink or drive.  
Can't vote. And no... I don't smoke.  
Got my wisdom and I got my pride.

Bear it all. Got nothin' to hide.

We are the now... we want the world. (x4)

Kick in your face!  
With steel toe!  
Smash in your teeth!  
With one more blow!  
Blood in your eyes...  
Blood on your hands...  
Got my revenge!  
Fucked up your plans!
