

# Wanna Do

## Slakah the Beatchild

Late night kissing on your, kissing on your shoulder

Yes, yes I know you

Gotta be up, early in the morning

You say you're tired, can't do it like beside you

I just wanna side you, from side ...

Baby it takes 2, and I promise you

When we're done and through

You'll be waking up brand new

I'm not a selfish guy, I swear I really try

If this... of mine, but I'm wide awake tonight cause

All that I wanna do, uh, you, you, you, you

All that I wanna do, is you, you, you, you

All that I wanna do, is you, you, you, you

All that I wanna do, uh, you, you, you, you

Can't stop staring at ya, this heart is racing faster

Damn I'm blessed to have ya

I think I'm gonna die, so you better kiss me

I see you smiling, I just wanna see ... eyes, ...

Baby it takes 2, and I promise you

When we're done and through

You'll be waking up brand new

I'm not a selfish guy, I swear I really try

If this... of mine, but I'm wide awake tonight cause

All that I wanna do, uh, you, you, you, you

All that I wanna do, is you, you, you, you

All that I wanna do, is you, you, you, you

All that I wanna do, uh, you, you, you, you

Tried to sleep, counting sheep,

Make it all watch tv, whoa

Tried, tried,

Read a book, wrote a hook,

To that song I wrote last week, but

Baby, ... baby

All that I wanna do, all that I wanna, all I wanna do

All that I wanna do, uh, you, you, you, you

All that I wanna do, is you, you, you, you

All that I wanna do, is you, you, you, you

All that I wanna do, uh, you, you, you, you
