She spends her time with other boys  
He spends his time fixing cars  
She doesn't mind that he's gone  
It gives her more time to talkHe'll come around when he's bored  
And she'll pay him no mind  
"We must stop meeting like this,"  
He said with a grin while walking in  
And she just slammed the door in his faceI'll see you around sometimeShe hangs her coat on the door  
He hangs his head on her hopes  
She sleeps alone with her thoughts  
She dreams of good timesHe'll come around when he's old  
She'll pay him no mind  
"We must stop meeting like this,  
Coming to bed with no words said  
Makes it tougher on both of us."And I'll see you around sometimeIt used to be much better than this
