

Madhouse

(Hed) P.E.

Fear me, no one will listen to me
Only you, you, wake up, Mommy
Nobody, you, nobody I've come for your children, your first born
I'm the monster, the bogeyman, so mothers be warned
But you give them up gladly all in the name
Of the Fascia, the TV, you see what I bring? Come here you, I said shut up
It's a madhouse, a madhouse Welcome the vampire with open arms and legs
All I desire is your fear and dread
So be faithful and bring me your precious children
I sacrifice them for the Rivers of Red Come here you, I said shut up
It's a madhouse, a madhouse See how they run, see how they fall
The sheep will follow you, follow you home
See how they suffer, see how they bleed
So satisfied, they die in their sleep See how they fuck, the women scream for peace
The highest high, a newest low they reach
See how they laugh, see how they cry
I'm so satisfied to watch them die for me We're sorry, your call did not go through
Will you please try your call again?
