Hook

Get, g-g-g-g-get with me

Get, g-g-g-g-g-g-get with meVerse One

When I first saw you I had to know your name

And ever since that day I've never been the same

You know I want you, so why do you pretend

Like you don't see it? This game has got to endChorus

Baby I can see that you

Like what you see

I can see you want me too

Get with me, get with me

Baby now you see the truth

That's good with me
