

# Quietly

## Two Bicycles

Quietly explodes your love  
Your insecurity is so soft to me  
I can't let you bleeding  
We are falling into us  
I see you dyin' in my eyes  
Just let it all go  
You left  
So am i  
We go insane  
Just let it all go  
You left  
So am i  
You leave on inside  
Quietly we arrive  
Your insecurity is so soft to you  
You can't let me bleeding  
We are falling into deep  
I'm dying in your open mouth  
Just let it all go  
You left  
So am i  
We go insane  
  
Just let it all go  
You left  
So am i  
You leave on  
You leave on inside  
So you care  
Leave them on  
So you care  
Leave them on with a shine  
And you can't go on with your life  
It's a fact we can't deny  
If you have to go, please go quiet  
Please go quietly  
Just let it all go  
You left  
So am i

We go insane  
Just let it all go  
You left  
So am i  
You leave on  
You leave on inside  
Let it all go
