

# My Negation (Live in Milan 2008)

## Dark Tranquillity

It's all this reeking ego crave  
The sun to never set  
Why do threads of anger never linger?  
Why does the ember turn to stone? To where the longing goes  
In with the sins of old  
A face of nothing to never see  
As blind as free Everything I want is in the end of this  
Everything I need will be at the end of me My negation will you know my name?  
And sense the danger coming  
My negation can you see my face?  
What's to become of me? The art of reduction, stripped down through what seems defensible  
Scaled to bare revisions to stop making sense  
Leveling pillars of towering fear  
Rational instincts and insight to spare  
End of falseness, end of grace Everything I fear is in this failing, nothing of what I am is in this end
