

Happy New Year

50 Cent

After 2 bottles of Moet and two bottles of Rose
Dont dare say nothing to me, you n-ggas dont know me
Its ebony and ivory, the white boy, the black boy
Eminem and Fifty who the f-cks with me and Micky
Theres hollows in my tongue, Kush smoked in my lung
Codeine in my cup, look I dont give a f-ck
I took X and viagra now dick all, shining like diamonds floating round in my ?
Look this is my house, we got 50 f-cking rooms here
Butlers, maids and them baccarat chandeliers
Dog named Oprah and a cat named Gayle
Stash in the floor in case I got to make bailHappy New Year
I got some liquor, got some hoes
Got the music playing come and have fun
Happy New Year
I got some kush got some purple
Got some Dro in case you wanna smoke some
Happy New Year
I got some Goose, I got some Henny
Some Patron, man I know you want some
Happy New Year
I got some porn star bitches in the back
freakin off you wan come?First n-gga front Imma shoot me a chump
I stuff 2 million in my Lambo trunk
Me I do whatever the f-ck I want
You must be confused, me I never lose
F-ck me, no f-ck youWhy people f-ck with different drugs
that shit aint hit the circuit yet
N-ggas fuck with dope and coke not vicodin and percocets
Tonight Im open minded, f-ck it Ill give it a try
What does it matter anyway, gettin highs gettin
How many shots will it take to make a n-gga to drop his shit
Like he having convulsions, choking, eyes open
Bong smoking, thats the shit youve seen in high times
Stay float underwater that shit look like a grapevine
I started out with one pill, now Im taking ten a day
Em said I need help, Dre said that shit ok
Next thing you know a n-gga sittin up in AA

Some Patron, man I know you want some
Happy New Year
I got some porn star bitches in the back
