Rewind

The Wrights

Rewind, take it on back To when you were mine Who knows what old feelings We might findRewind, get it on track Move it on down the line Let me love you one more time Rewind, baby rewindYesterday we left so much behind Such a love Ive never known the kindRewind, get it on track Move it on down the line Let me love you one more time Rewind, baby rewindThis old worlds been Spinning way too fast Lets stop right here And make the moment lastRewind, take it on back To when you were mine Who knows what old feelings We might findRewind, get it on track Move it on down the line Let me love you one more time Rewind, baby rewindLet me hold you one more time Rewind, baby rewind Let me love you one more time Rewind, baby rewind
