Dreams of long life
What safety can you find
See the great unknown
That's shade for miles
Good eye
I'm a good guy
Dreams of long life
What safety can you find
If the sea was that strong
Maybe we had
Maybe we had to fly
Was a good try
I'm a good guy
As high as the day
I read the papers
Before crime will pay
I'll learn to bury most beliefs
I have succeeded
I won't believe for long
I'm not supposed to show you
I've got two secrets
But I only told you one
Dreams of long life
What safety can you buy
If the sea was that strong
Maybe we had
Maybe we had to fly
Somebody make me say no, no
Somebody make me say no, no
Somebody make me say no, no
Somebody make me say no, no, no, yes
I have succeeded
I won't believe for long
I'm not supposed to show you
I've got two secrets
But I only told you one
I'm not supposed to show you
I'm not supposed to show you
I'm not supposed to

I'm not supposed to show you
I'm not supposed to
