## This Time Around

## Hanson

It's getting colder in this ditch where I lie
I'm feeling older and I'm wondering why
I heard they told her it was to tell and live or to die
I didn't know her but I know why she lied
I didn't know her but I know why she died(Yeah) You can't say I didn't give it

I won't wait another minute

We're on our way this time around

You can't say I didn't give it

I won't wait another minute

We're on our way this time around

And we won't go downI heard them say that dreams should stay in your head Well I feel ashamed of the things that I said

Put on these chains and you can live a free life

Well I'd rather bleed just to know why I dieYou can't say I didn't give it

I won't wait another minute

We're on our way this time around

You can't say I didn't give it

I won't wait another minute

We're on our way this time around

And we won't go down

All I know is that fear has to go

This time aroundI've started feeling like I don't want to fight

Give in to the given and put out the light

Cannons a blazing shower these moonlit skies

Then I remember and I know why he died

Do you know why I die? You can't say I didn't give it

I won't wait another minute

We're on our way this time around

You can't say I didn't give it

I won't wait another minute

We're on our way this time around

You can't say I didn't give it
