

It's A Beautiful World

Jump5

It's about friends, it's about school, it's about changes
The ones you never thought they'd put you through
It's times like these that I got a touch of Irish in me
And we can talk honesty, but honestly
I'm okay
This way, ya
Hey, ya just don't understand
Sometimes my sky's a little gray
And I know eventually
I'll be feeling alright again, ya
Life's been a friend to me
You don't need to convince me
It's a beautiful world, I know
It's a beautiful world
It's about faith, it's about heart, it's about progress
The things that try to tell the world apart
My mind has to speak 'cause I feelin' that I feel much too deep
It even motivates me to do something good
And I'm okay
This way, ya
Hey, ya just don't understand
Sometimes my sky's a little gray
And I know eventually
I'll be feeling alright again, ya
Life's been a friend to me
You don't need to convince me
It's a beautiful world, I know
It's a beautiful world
Sunshine, beating down on my life
Maybe that's a long time away
But I guess
I'll take it day by day
You ask when I'll get my smile back
When I tell you
I can smile now though I know I'm down
And if you stay around it might just happen
Hey, ya just don't understand a thing
Sometimes my sky's a little gray
And I know eventually

I'll be feeling alright again, ya
It's about you, it's about me, it's about trustin'
And all the things we feel but never see
I feel so much sometimes I'm a little out of touch
You can talk honesty, but honestly
I'm okay
This way
Hey, ya just don't understand
Sometimes my sky's a little gray
And I know eventually
I'll be feeling alright again, ya ya
Life's been a friend to me
You don't need to convince me
It's a beautiful world, I know
It's a beautiful world
Hey, it's a beautiful world
Sometimes my sky's a little gray
Life's been a friend to me
You don't need to convince me
It's a beautiful world, I know
It's a beautiful world
