

Knock Tha Hustle - Remix

Cozz

Yeah, third take n****
Cozz & Effect n****
Yeah, yeah, I got to
Yeah, yeah Jealousy holding enemies hostage
Eventually the penalty will come and haunt ya
Hennessy memories leaving me nauseous
But the Hennessy makes the melodies awesome
So instead of me talking I'm steady jotting
And steady plotting on how to gain spaghetti toppings
You know that parmesan, that cheddar, mozzarella
The list goes on and on you know my heart is dark
I'm a young phenomenon
It's like these people keep forgetting
It's always the least expected who ends up getting it
So don't tell me bout no n****s hating
What's the point if I hear
Mr. not giving a f*** with a joint in his ear
Put that steak on his plate then so long disappear
Empty gut I'm hungry man, the guns pointing this year
I'm feeling like I'm dealing with children boy I'm killing
N****s already trying to bite styles
You break a tooth if you bite down
B**** I go way too hard I've been in this hood dog for way too long man
I've been quiet for way too long
Been patiently waiting can't wait too long dog
I've been broke man for way too long
No hot water for way too long
You can't knock the hustle it's way too strong
Yeah we're way too strong Let me touch you with my words, kiss you with a song
Let me f*** you mentally, caress you with a melody
I do it for my enemies but especially for my dogs
So we all get to eat a full bowl of pedigree
These full time hoes get a full bowl of f*** you I'm getting cheese
Well s***, I'm trying to
So I really can't spend time with you
I can't lie to you, to tell the truth
I just wanna lie with you
If that's fine with you
I don't wanna spend no time in school

It's a waste of time
And you can't always do what your parents like all the time
Plus, i got enough degrees anyway
Check my Fahrenheit you see the charts on the table
F*** getting somber we probably start a label
F*** getting mine boy I'm tryna feed the table
F*** being fine girl you gotta have a brain too
You gotta have a brain too cus
