Now get out, now get old
Perfect scenes in the perfect bloom
Shun the moon the light of the sun
Now you see it, now we're oldWill I fall now that love is gone?
Will I see now that the rum is found?
Now you see me, now you don't
Do my best to skip it all.That was me (all jacked em all??)
Perfect storms from the stars above
It'll end in tears it begin on (Mars??)
In your soul I could fly the skiesRest assured I sleep alone
I'm in love (Finding parts unknown)
Now you see me fall on lie
I miss your rose for your closet eyes
