Reminded

Tyga

She said if you love me let me know
If you donâ€™t then let me go

[Tyga]
The memories soon fade, why couldnâ€™t they be erased
You hoping itâ€™s just a phase, your heartâ€™ll heal within days
Some people think itâ€™s wrong, being single isnâ€™t right
But you hurt the right person youâ€™ll be wrong all your life
Inevitable to let you go, separate the sexual
Feelings when Iâ€™m close to you, fucking tilâ€™ the sky is blue
Morning time, home fries, cooking with your t-shirt on
Panties, bra, damn I eat you good when you take it off
Ha, damn Iâ€™m nasty, I mean you make me nasty
Going the extra mile flying just to make me happy
Did it all, too much wasnâ€™t enough
Now itâ€™s gone but sometimes I sit and hope

[Adele]
I hoped youâ€™d see my face and that youâ€™d be reminded
I hate to turn out up out of the blue uninvited
But I couldnâ€™t stay away, I couldnâ€™t fight it
I couldnâ€™t stay away, I couldnâ€™t fight it

I hoped youâ€™d see my face and that youâ€™d be reminded
I hate to turn out up out of the blue uninvited
But I couldnâ€™t stay away, I couldnâ€™t fight it
I couldnâ€™t stay away, I couldnâ€™t fight it

[Tyga]
Whatever ever happened to love and being happy
Infatuated with lust, I loved you and now Iâ€™m backwards
Time is of the essence, I broke it, took it for granted
Love is like art, heartbroken on the canvas
Painted the perfect picture, you seemed to never get it
Colors prevail and you turn into a fucking monster
Schizophrenic, nicknames Bonnie and Clyde
Now doctors calling us Mr. and Mrs. Hyde
How do you manage but still do you
Canâ€™t compromise, we all equal opportunists
Itâ€™s when Iâ€™m level headed they aiming to take my head off

Birds flock together, tell bitches Iâ€™m throwing bread off
Cold, women, fall in love getting splintered?
Strictly plutonic, only thing she want is dinner
I canâ€™t fuck with her, get her some tonic, gin, liquor
She might let me lick her, now she miss me sayin

[Adele]
I hoped youâ€™d see my face and that youâ€™d be reminded
I hate to turn out up out of the blue uninvited
But I couldnâ€™t stay away, I couldnâ€™t fight it
I couldnâ€™t stay away, I couldnâ€™t fight it

I hoped youâ€™d see my face and that youâ€™d be reminded
I hate to turn out up out of the blue uninvited
But I couldnâ€™t stay away, I couldnâ€™t fight it
I couldnâ€™t stay away, I couldnâ€™t fight it

[Tyga]
Angels in the a.m., sin on my flesh
Girls in the p.m., excuses PMS
They all wanna love em, call em Ms. Next
Spirit of a hustler, I only chase checks
Go home
I ainâ€™t tryna do you wrong
Iâ€™d rather be alone
Just sittin on the throne
