## Rolando Laserie

I walk for miles inside this pit of danger.  
A place where no one follows me, I walk alone. I'm sick of all these people talkin' out their heads.  
I've never understood a damn thing that they said.  
From words to actions never knowing what they're about.  
I guess I'll have to chew them up and spit them out. And I'll say! I walked for miles inside this pit of danger.  
I've swallowed down a thousand years of anger.  
The weight of the world is falling on my shoulders.  
A place where no one follows me I walk alone. I walk alone. Yeah. I walked for miles inside this pit of danger.  
I've swallowed down a thousand years of anger.  
The weight of the world is falling on my shoulders.  
A place where no one follows me I walk alone. I walk alone
