Sin

Daniel DiCriscio

When it crosses my mind
This usually occurs every night
I just canâ€™t seem to escape it
Is it a truth or is it a lie
Within my heart
Itâ€™s what I really want
And in my soul
itâ€™s what I crave
But I hold back remembering
Being told to behave

Sin Sin I want to give in
Sin Sin oh wonâ€™t you let me in
Sin Sin I want to give in
Sin Sin Sin Sin

Is it the little boy
Or is it the man inside
Leading me astray
To an interest diversified
But if I cross that line
Would you stand by me
And if I cross that line
Would you still respect me

Sin Sin I want to give in
Sin Sin oh wonâ€™t you let me in
Sin Sin I want to give in
Sin Sin Sin Sin

I wanna cross the line
I wanna ignite the fire
Iâ€™m gonna make you mine
You are my desire Sin

I wanna burn
I wanna burn
I wanna burn
In hell with you tonight

I wanna walk through the flame
Will you do the same?
I wanna feel the pleasure
If you can withstand the pain
This may sound a little strange

Come with me just give in
Come with me to a place called Sin
