

Nothing Left To Give (Live Acoustic Version)

Hypnogaja

The mask falls and it's all
I can do to keep from running
The past is coming
The last to hear, the first to fear
As the lights are slowly stunning
I keep on numbing Lives pass through me
I've got one more life to live
Time eludes me
I've got nothing left to give The wine flows, but no one knows
To come and fill my cup
There's never enough
The mind you're raping, the hole is gaping
But somehow I got stuck
And I can't give it up Lives pass through me
I've got one more life to live
Time eludes me
I've got nothing left to give Blood and starshine,
Guts and glamour.
Nothing seems to matter. Lives pass through me
I've got one more life to live
Time eludes me
I've got nothing left to give
