Everything

Late Night Alumni

When do I start?
When do I break the ice?
When will I know?
When will I know it's safe?I'll bide your time but it's so slow.
You're writing an adagio
When I could be
Everything, everything to you,
Everything, everything to you.
Everything, everything to you,
Everything, everything to you.We stand in the snow,
But I can't feel the cold.
Your lips are like ice,
Maybe like ice, they'll break.
I'll bide your time but it's so slow.
You're writing an adagio
When I could be
Everything, everything to you,
Everything, everything to you.
Everything, everything to you,
Everything, everything to you.
Everything, everything.
