Red Light District

Capture the Crown

You fucking lied
Cut a hole in my chest
Pushed your fingers inside
I want to watch you bleed (Over and over)
Rip these scars that were healing (Over and over, again and again)
I tried to mask all these feelings (Over and over)
Again and again you pushed me deeper and deeper and now we've reached the end
Fuck

I just can't do this without you
I felt alive when I found you.
I hope you know this song is about you
(Running away, running away)

It's all it takes for a person to break
Disturbed
Infatuated
Reduced to filth
I might be the disease
But you were made to displease
I can't get enough of you

I just can't do this without you
I felt alive when I found you
I hope you know this song is about you
(Running away, running away)

I just can't do this without you
I felt alive when I found you
I hope you know this song is about you
(Running away, running away)

Is this what you want?
Is this what you want?
Is this what you want?
I said is this what you fucking want?

Well here I am
You brought this upon yourself
You brought this upon yourself

Listen
You brought this upon yourself

I just can't do this without you
I felt alive when I found you
I hope you know this song is about you
(Running away, running away)

I just can't do this without you
I felt alive when I found you
I hope you know this song is about you
(Running away, running away)

Is this what you want?
Then this is what you will get
