

# Electricity

Andreas Bieber

I'm an artist honey you'll see me sometimes  
Making crazy pictures out of music and rhymes  
Costume changes performed with poise  
Dancing in formation with a couple of boys  
I take them on the road with my reel-to-reels  
I'm an artist honey you know how that feels?  
It's the greatest show with the best effects  
Since Disco-Tex and the Sexelettes  
It's the greatest show with the best effects  
Since Disco-Tex and the Sexelettes  
It's all about wonder the power to be  
Like thunder expressing electricity  
It's the greatest show with the best effects  
Since Disco-Tex and the Sexelettes  
Disco-Tex and the Sexelettes  
Call it performance, call it art  
I call it disaster if the tapes don't start  
I've put all my life into live lip-sync  
I'm an artist honey you gonna get me a drink?  
It's the greatest show with the best effects  
Since Disco-Tex and the Sexelettes  
It's all about wonder the power to be  
Like thunder expressing electricity  
It's the greatest show with the best effects  
Since Disco-Tex and the Sexelettes  
Disco-Tex and the Sexelettes
