Ambulance

The Gloria Record

Ambulance
Am I still alive?
Feels like I am
Trapped beneath the ice
My lips still move
But my voice it won't come out
Ambulance
I'm not ready
Ambulance
Will you be in time
To save my heart
From disconnecting now?Better feel it while you can love
Feel it while you can
Give yourself to love, love
Give yourself to love
Love love love love love love love love
