Dreamy Wednesdays

The Wannadies

You wore a sagging dress in satin way (????)
Barefoot with style
My grandchild,
And I was proud in every way
Walked by your sideBut today, my love....
I'm alone and you're high up above
I do remember dreamy wednesdays
In the rain creative pain
How I remember dreamy wednesdays
In the rainI miss you, the way you used to take my hand
We're all alone in the whole wide world
We walked the streets (?) for days and weeks
Swim in every lakeBut today, my love....
I'm alone and you're high up above
I do remember dreamy wednesdays
In the rain creative pain
How I remember dreamy wednesdays
In the rainHow I love to be insane!How I love to be in love
The kind of love you're unaware
Until she leaves and you start to bleed
Behave like every abandoned child
Miss little shy
Trying to hide my loveTake me home wherever I belong
I do remember dreamy wednesdays
In the rain creative pain
How I remember dreamy wedsnesdays
In the rain creative painHow I love to be insane!
I just love to be insane.
