You Make Me Feel Good

Billy Bacon & The Forbidden Pigs

Tina Arena
Strong As Steel
You Make Me Feel Good
Believe me baby
You make me feel good
You make me feel good
What everybody tells me
I'm gonna ruin the day
But I'm just too hung on you baby
To stay away

Maybe I'm in love and that shouldn't be
Maybe I don't know what's good for me
But when you raise your eyes and look that look
I want to rip out all the pages in my love book
All I want to do is be with you
You make me feel good
All I want to see is you with me
You make me feel good
Well I can hear a whisper
When we go by
