Lessons I & II

John Ralston

Here we go again
Lessons I & II
That it's never coming back
And it's never up to youYou thought they were your friends
With their fingers stuck in you
But they got all they could take
And now it's never coming back to youAnd so you're feeling like a fucking joke
And really, what could be more true
Well, everybody thinks you're great
By the way, baby, needs new shoesWell, I know it's hard
I know it's hard for you
It's hard to be a human beingYou better keep your head
Or they'll blow your mind for you
And make a puzzle of your life
The pieces won't fit back together intoWell, I know it's hard
I know it's hard for you
It's hard to be a human beingI know it's hard
I know it's hard for you
It's hard to be a human beingSo here we go again
It's lessons I & II
That it's never coming back
And it's never up to you
