She's Like Heroin to Me

The Gun Club

I cannot get a look at it
So I'm burning them on the deal anyway
I see her come down from the top of the stairs
I guess that I'd be cool but there's a tickle in my veins
I've been a real good tombstone but now I'm blowing awayShe is like an eye-blue swimming pool
But she will never know that she is there
We sit together, drunk like our fathers used to be
I'm looking up and God is saying, "What are you gonna do?"
I'm looking up and I'm crying, "I thought it was up to you"She's like heroin to me
She's like heroin to me
She's like heroin to me
She cannot miss a veinDon't let her take her love to town
They will never fill her heart
She needs a passion like her fathers used to be
I know because I'm like the train shooting down the mainline
I know because I'm the Indian wind along the telegraph linesShe's like heroin to me
She's like heroin to me
She's like heroin to me
She cannot miss a veinSo mainline itI cannot get a look at it
So I'm blowing back trouble to the east
While we sit together, sad like our fathers used to be
I know a perfect run by the sleep it puts in my heart
I know my special rider, I can feel her in the darkAnd she feels like heroin to me
Feels like heroin to me
She feels like heroin to me
She cannot miss a veinShe's like heroin to me
She's like heroin to me
She's like heroin to me
She cannot miss a vein
