Set My Baby Free

[Ian Brown](#)

Said he was man
What did he know?
Spent his time living in a casino
Never knowCouldn't get away
Couldn't ever get it anyway
Couldn't ever level
'Cause he's living like a devil, heyHey you ugly people
I want you to set my baby free
Hey people
Set my baby freeCame upon a man
In tune with his libido
Took another's wife
To help him get to sleep so
Never knowCouldn't get away
Couldn't ever get it anyway
Couldn't ever level
'Cause he's living like a devil, heyWhen she turns to smile
I light up from inside
Walking miles
And you ain't got nobody by your sideHey ugly people
I want you to set my baby free
Hey people
Set my baby freeWhen she turns to smile
I light up from inside
Walking miles and you
Ain't got nobody by your sideHey ugly people
I want you to set my baby free
Hey people
Set my baby freeHey people
Set my baby free
