

Me and Liza

Rufus Wainwright

Me & liza, liza & I
Famous till the day that we day
Momma made it so I could try
Me and liza, liza and IDaddy writing unanswered love letters
Why?
Come on liza, give me a tryBlowing on the embers of fame
Burning down the house of your name
Everything can go up in flames
As long as you have something to frameEnergizer, baby's on fire
No one's gonna hatchet you down
Terminator, thief of desire
No one's getting out of this townPoking at the embers of fame
Burning down the house of your name
Everything can go up in flames
As long as you have something to frameMe & liza, liza & I
Happy that we're now such good friends
Looking forward, forward to seeing a
Love like our, we cannot pretendChocking on the embers of fame
Burning down the house of your name
Everything can go up in flames
As long as you have something to frameMe and liza, liza and I
Me and liza, liza and I
Me and liza, liza and I
Me and liza, liza and i
