

# **Beautiful Girl**

## **The Yabu Band**

there's a beautiful girl  
in the neighborhood  
searching for her culture and her home

she's mixed up with some others  
in the neighborhood  
she's trying to find a reason to be strong

then one day she was hurt  
in the neighborhood,  
she thought she found love and Gentle Care

she was wrong when she was living  
in the neighborhood  
when she needed love who was there

she's a beautiful girl  
By the streets alone  
searching for love  
and a happy home

now she's walking on the streets  
in the neighborhood  
sometimes feeling sad, and all alone

she has learned, how to live  
in the neighborhood  
she found her new love and her happy home

she's a beautiful girl  
By the streets alone  
searching for love  
and a happy home

she's a beautiful girl  
by the streets alone  
searching for love  
and a happy home

She's a beautiful girl  
by the streets alone  
searching for love  
and a happy home

She's a beautiful girl  
by the streets alone  
searching for love  
and a happy home  
Searching for love  
and a happy home
