Something Out Of Nothing

Jessica Reedy

Lord I try so hard to be
The best that I can be
Its like every time I take one step
something right in front of me
Lord where would I be
With out your grace and mercy
Now I have one question, Lord why me

You changed my whole life ohhh you
You made my wrongs right
And for the rest of my life ill never know why you made something out of nothing ohhh nothing nothing nothing
You made something out of nothing

You spoke and I was so
Why Ill never know
My life was headed out of control
Some how I shifted in to overload
But then you came
and did a work in me
(yeah yeah yeah)
Out of everything I once was some how you saw a masterpiece

You change my whole life
You made my wrongs rights (I never know why)
And for the rest of my life ill never know why you made something out of nothing

You made something out of nothing
with my head held high and my hands lifted in the air
I give you all the praise
Cause you're the only one that could get my out of this maze
And what you saw in me I don't know
And lord I'm glad you saw it
And every piece of me that was a mystery
Lord you solved it

You change my whole life
You made my wrongs rights (I never know why)
And for the rest of my life ill never know why you made something out of nothing

You made something out of nothing yes you did

Nothing
You changed my whole life
You made my wrongs right, wrongs rights
And for the rest of my life ill never know why you made something out of nothing nothing, you made something out of nothing
