

# If Something Should Happen

Darryl Worley

Buddy, you and me go way back  
Camp all June, all through high school and before that  
So I don't mind tellin' you I'm scared to death  
The doctor is goin' in on the 25th  
It's the same thing my daddy had  
Thank God they caught it fast But if something should happen  
Stop in some time and say, "Hello" to Catherine  
You and Marianne could always keep her laughing  
'Cause she's gonna need a lot of that Take her out to a movie  
It's gonna take sometime before she's back on her feet  
I know you think that I'll be fine and I'm talkin' crazy  
But there's always that chance, that's why I'm askin'  
If something should happen Little Nathan is growing up so fast  
This November, he'll turn 10, he wants to play quarterback  
I'm supposed to coach his team this fall  
But I may not get to after all  
He's gonna need someone to catch a pass  
And to throw it back If something should happen  
Oh, promise me, you'll take that boy out campin'  
Throw a line out in the water every now and then  
Answer any questions that he has Maybe once he gets older  
You can sit and have that first cold beer together  
And tell him a couple stories on his father  
He's always known you're my best friend, that's why I'm askin'  
If something should happen I hope I live until I'm 80  
And I get to see my son get married and have babies  
And make a million more memories with my wife  
Yeah buddy, I pray alright  
But if it's my time to leave  
Could you watch over them for me? If something should happen  
If something should happen  
If something should happen  
If something should happen
