

Damage

Phil Shoenfelt

Oh pretty baby
You've been down so long
I've got a feeling
It's time that I was gone yeahOh pretty baby
You're looking good tonight
Your eyes are shining
In the candle light yeahWell I was born
In a town called Misery
Between a river
And a factory yeahOh I left home
To be a rambling man
I let the devil
Lead by the hand yeahRef.:
Oh my darling can't you see
I was born for misery
Look into my eyes you'll see
I'll take you down with me
And you know it's true
I'll damage youWell I was cursed
With a heart so cold
I've been used
I've been bought and sold yeahAnd I know
That I'm no good for you
There's been a mess
In everything that I do yeahRef.Oh pretty baby
We've been down too long
Our love was beautiful
But now it's gone yeahLast night I heard you
Crying next to me
Feel like I'm drowning
I gotta set you free yeahRef. 2:
Oh my darling can't you see
I was born for misery
Look into my eyes you'll see
I'll take you down with meOh pretty baby
I'll take you down with me
(3x)Down down down down with me yeah
