

I Heard Its The Softest Thing Ever

A Day to Remember

Tonight I'm sending a message

This is the end of an era

The end of second chances

In the face of defeat

I'm winning

Yet, you still have so much left to say They're coming straight for me Just let me go for now

I'll be just fine

Don't you know now that I'm back on my own Tell me how it feels to watch the walls of your security crumble

I remember you, you took the easy way out when I gave you something to stand for They're coming straight for

me Just let me go for now

I'll be just fine

Don't you know now that I'm back on my own I was just another promise that you couldn't keep
