

Once Blue

October Project

In the strange light
Of someone else
The air is darkening
There's no one here
Who can help me see myselfIn the once blue
 Of better days
 A sudden emptiness
 I close my eyes
Hoping I might fade awayAnd if I do
 I'll come to you
 As if I'm not too late
 For all we are
 And all we were
 Nights of wonder
 Lying under dying stars
 Love exactly as it seems
 Someone true
 To show you who you really are
And the dream you meant to dreamAt the still point
 Of wild days
 There lies a wilderness
 Inside of me
 Everywhere
But there you areIn the long night
 Where you are safe
 The ghost of childhood
 Is wide awake
 Telling you to close your eyes
 And if you do
 I'll come to you
 As if I'm not too late
 For all we are
And all we wereNights of wonder
 Lying under dying stars
 Love exactly as it seems
 Someone true
 To show you who you really are
And the dream you meant to dreamAnd if you knew
 I'd come to youNights of wonder

Lying under dying stars

Love exactly as it seems

Someone true

To show you who you really are

And the dreams you're meant to dream
