

Big Black Furry Creature from Mars

Phish

When I get home from work what do I do?

Try to kill you

When I get home from work what do I do?

Try to kill you

Why do I try to kill you?

'Cause you're a big black furry creature from Mars

Big black furry creature from Mars

Big black furry creature from Mars

Big black furry creature from Mars

When we go out to eat what do I do?

Try to kill you

When we go out to eat what do I do?

Try to kill you

Why do I try to kill you?

'Cause you're a big black furry creature from Mars

Big black furry creature from Mars

Big black furry creature from Mars

Big black furry creature from Mars
