

# I Do Believe In Love

[Katie Melua](#)

They say we never landed on the moon  
There's no wind there, they assume  
I guess conspiracies are nothing new  
But I'm sure I've been there with you And I don't believe that in space  
The only life is here on earth  
How could we be the only race  
That loves and hates 'til death from birth? But I do believe in love  
Though I should never rely on love  
Nothing else excites me  
But loving you Is it true a politician's heart  
Can rust away and fall apart?  
I guess it must be hard  
It must be hard to know what's good  
And to know what's easy You might think it's strange  
For all my wild ideas  
But I do not believe that change  
Can ever happen without tears But I do believe in love  
Though I should never rely on love  
Nothing else excites me  
But loving you
