Under My Skin

|Ì²Ì Ì â—•Ì²Ì Ì |Ì²Ì Ì =Ì²Ì Ì |Ì²Ì Ì â—•Ì²Ì Ì]

I got the feeling you bout to rock me, (rock me)
I feel you takin over, (yeh)
Mj to dizzee, wiley to missy
You know you got me under.
And there's no way but to let you in,
Nothing can stop once it begins,
Music under my skin, music under my skin
Don't know where to begin how did it get so deep within,
Its like I know I'm gonna crash but I still drive crazy.
Tonight belongs to you and i, and you know its wahat I like.
So feel the music dripping out your mind.
I got the feeling you bout to rock me,
I feel you taking over, mj to dizzy wiley to missy,
You know you got me under, and there's no way but to let you in,
Nothin can stop it once it begins,
Music under my skin, music under my skin.
I cant let it go turn it off its gotta hold
Like a poison to my lips, but I still keep drinking.
Its in you that I can find, a remedy from 6 till 9,
Just feel the music dripping out your mind.
I got the feeling you bout to rock me (rock me),
I feel you takin over (takin over),
Mj to dizzy, wiley to missy
You know you got me under,
There's no way but to let you in, nothing can stop it once you begin.
Music under my skin (under my skin),
Music under my skin,
Music under my skin (under my),
Music under.

Couldn't take it (no)
Couldn't take it,
What would you do if the music don't play (dont play),
Gotta have it, gotta have it
My world was sad if you took it away,
Broken in, broken in 2,
I'ma nothin without you (nothin),
? what I ow it, everything everything.
[Instrumental]I got the feeling you bout to rock me,

I feel you takin over
Mj to dizzy, wiley to missy
You know you got me under,
I got the feeling you bout to rock me (rock me),
I feel you takin over (takin over),
Mj to dizzy , wiley to missy
You know you got me under (got me under).
I got the feeling you bout to rock me (rock me),
I feel you takin over (takin over),
Mj to dizzy, wiley to missy
I know you got me under (missy),
I've got the feeling (feelin) you bout to rock me (rock me),
Mj to dizzy, wiley to missy, (missy)
I know you got me under,
And there's no way but to let you in,
Nothing can stop it once it begins.
Music under my skin (under my skin),
Music under my skin.
